ORIGINAL 2012/2013

rooms children dream of...

LIFETIME
KIDSROOMS

LIFETIME
HIGH-QUALITY
CHILDREN'S
FURNITURE SINCE 1972

We at LIFETIME have been looking at the world through children's eyes for more than 40 years. Much has changed over the years. Children now have their own rooms, the rooms are bigger, and various trends have come and gone. One thing, however, has remained unchanged – our philosophy:

CHILDREN JUST NEED
TO PLAY, EXPLORE
AND HAVE FUN

With this motto as our guiding light, we create distinctive and imaginative universes that form the framework for the voyage through childhood. Proud traditions of craftsmanship are combined with Danish quality to ensure safe and secure settings for fun and games. Only the best is good enough – for us and for your child.

Welcome to LIFETIME Original 2012/2013.

Shall we
play?

Pirate or princess?
Cabin or cave?
Romantic or raw?
Or perhaps a bit of everything?

Let imagination – not the surroundings – set the limits. Furniture from LIFETIME is designed to provide children with room for expression – and, of course, room to play – so that they can give free rein to their dreams.

LIFETIME grows with your child, from baby to teenager. Our well thought-out system design ensures that you can adapt the furniture to match the age, size and interests of your child.

BABY

The best start

Safety and care take top priority during the first year of your child’s life

When your child sees, touches and tastes everything for the first time. Your baby should have the very best conditions for exploring his/her surroundings. We have created a range of baby furniture that gives your baby the very best setting for sleeping so your child is ready to explore the world again as soon as he/she awakes.

BABY

Never compromise on safety

LIFETIME has created a range of furniture for the littlest ones. The items are designed to give you, as a parent, maximum security, without ever compromising on comfort. Give your child the best conditions for sleep and a safe start to life.

JUNIOR

Let imagination flow freely

... with this new range from LIFETIME

A single basic bed forms the framework for three imaginative bed universes created by Leo Timmers, the award-winning children's illustrator from Belgium. Go flying with a wacky dog, enjoy an ice cream with the sweet little penguins, or join the happy elephant on a visit to the circus.

AIRPLANE *leotimmers*
Illustrated front "Airplane" for Basic bed
Front includes small table for playing
Art. 6210, H 79,5 x L 160 x D 2/33 cm
Basic bed, white
Art. 610-10, H 64 x W 207 x D 102 cm

Ding ding ding. **ICECREAM** is always a treat.

The three delightful fronts illustrated by Leo Timmers are all fitted to a LIFETIME Original basic bed. When your child leaves this universe behind, you can use the bed as the base for some of the other exciting themes you can see on the following pages. This is a part of the LIFETIME philosophy, which is both smart and eco-friendly, too!

ICECREAM BAR *leotimmers*
Illustrated front "Icecream Bar" for Basic bed. Front includes small table for playing
Art. 6214, H 79,5 x L 160 x D2/33 cm
Basic bed, white
Art. 610-10, H 64 x W 207 x D 102 cm

Roll up, Roll up!

CIRCUS

welcomes you inside!

LEO TIMMERS COLLECTION

Leo Timmers was born in 1970 and is an acclaimed Belgian illustrator. Leo Timmers is famous for his unique style and has won many awards for his beautifully illustrated books.

- Winner of the Bookfeather Award with his illustrations "Happy with me"
- Winner of the annual Children and Youth jury Award in 2005 and 2006
- His books are published in more than 20 countries among others Germany, France, Australia, China, USA, Korea and Japan

NO COMPROMIZE IN QUALITY

– The LIFETIME beds are all designed and produced in Denmark from the best material grown in the forests of Northern Scandinavia.

JUNIOR & TEENAGER

Just add **the dreams**

Our tried and tested system design provides a firm base for the childhood years.

A bed with a headboard becomes a semi-high bed with a ladder to the top level and a cave below. The semi-high bed becomes a high-rise sleeper with a desk below. This is just one of the many, many ways you can use the system. And to cap it all off, you can add a touch of magic in the form of your child's favourite theme. Princess, pirate or pilot, perhaps ...?

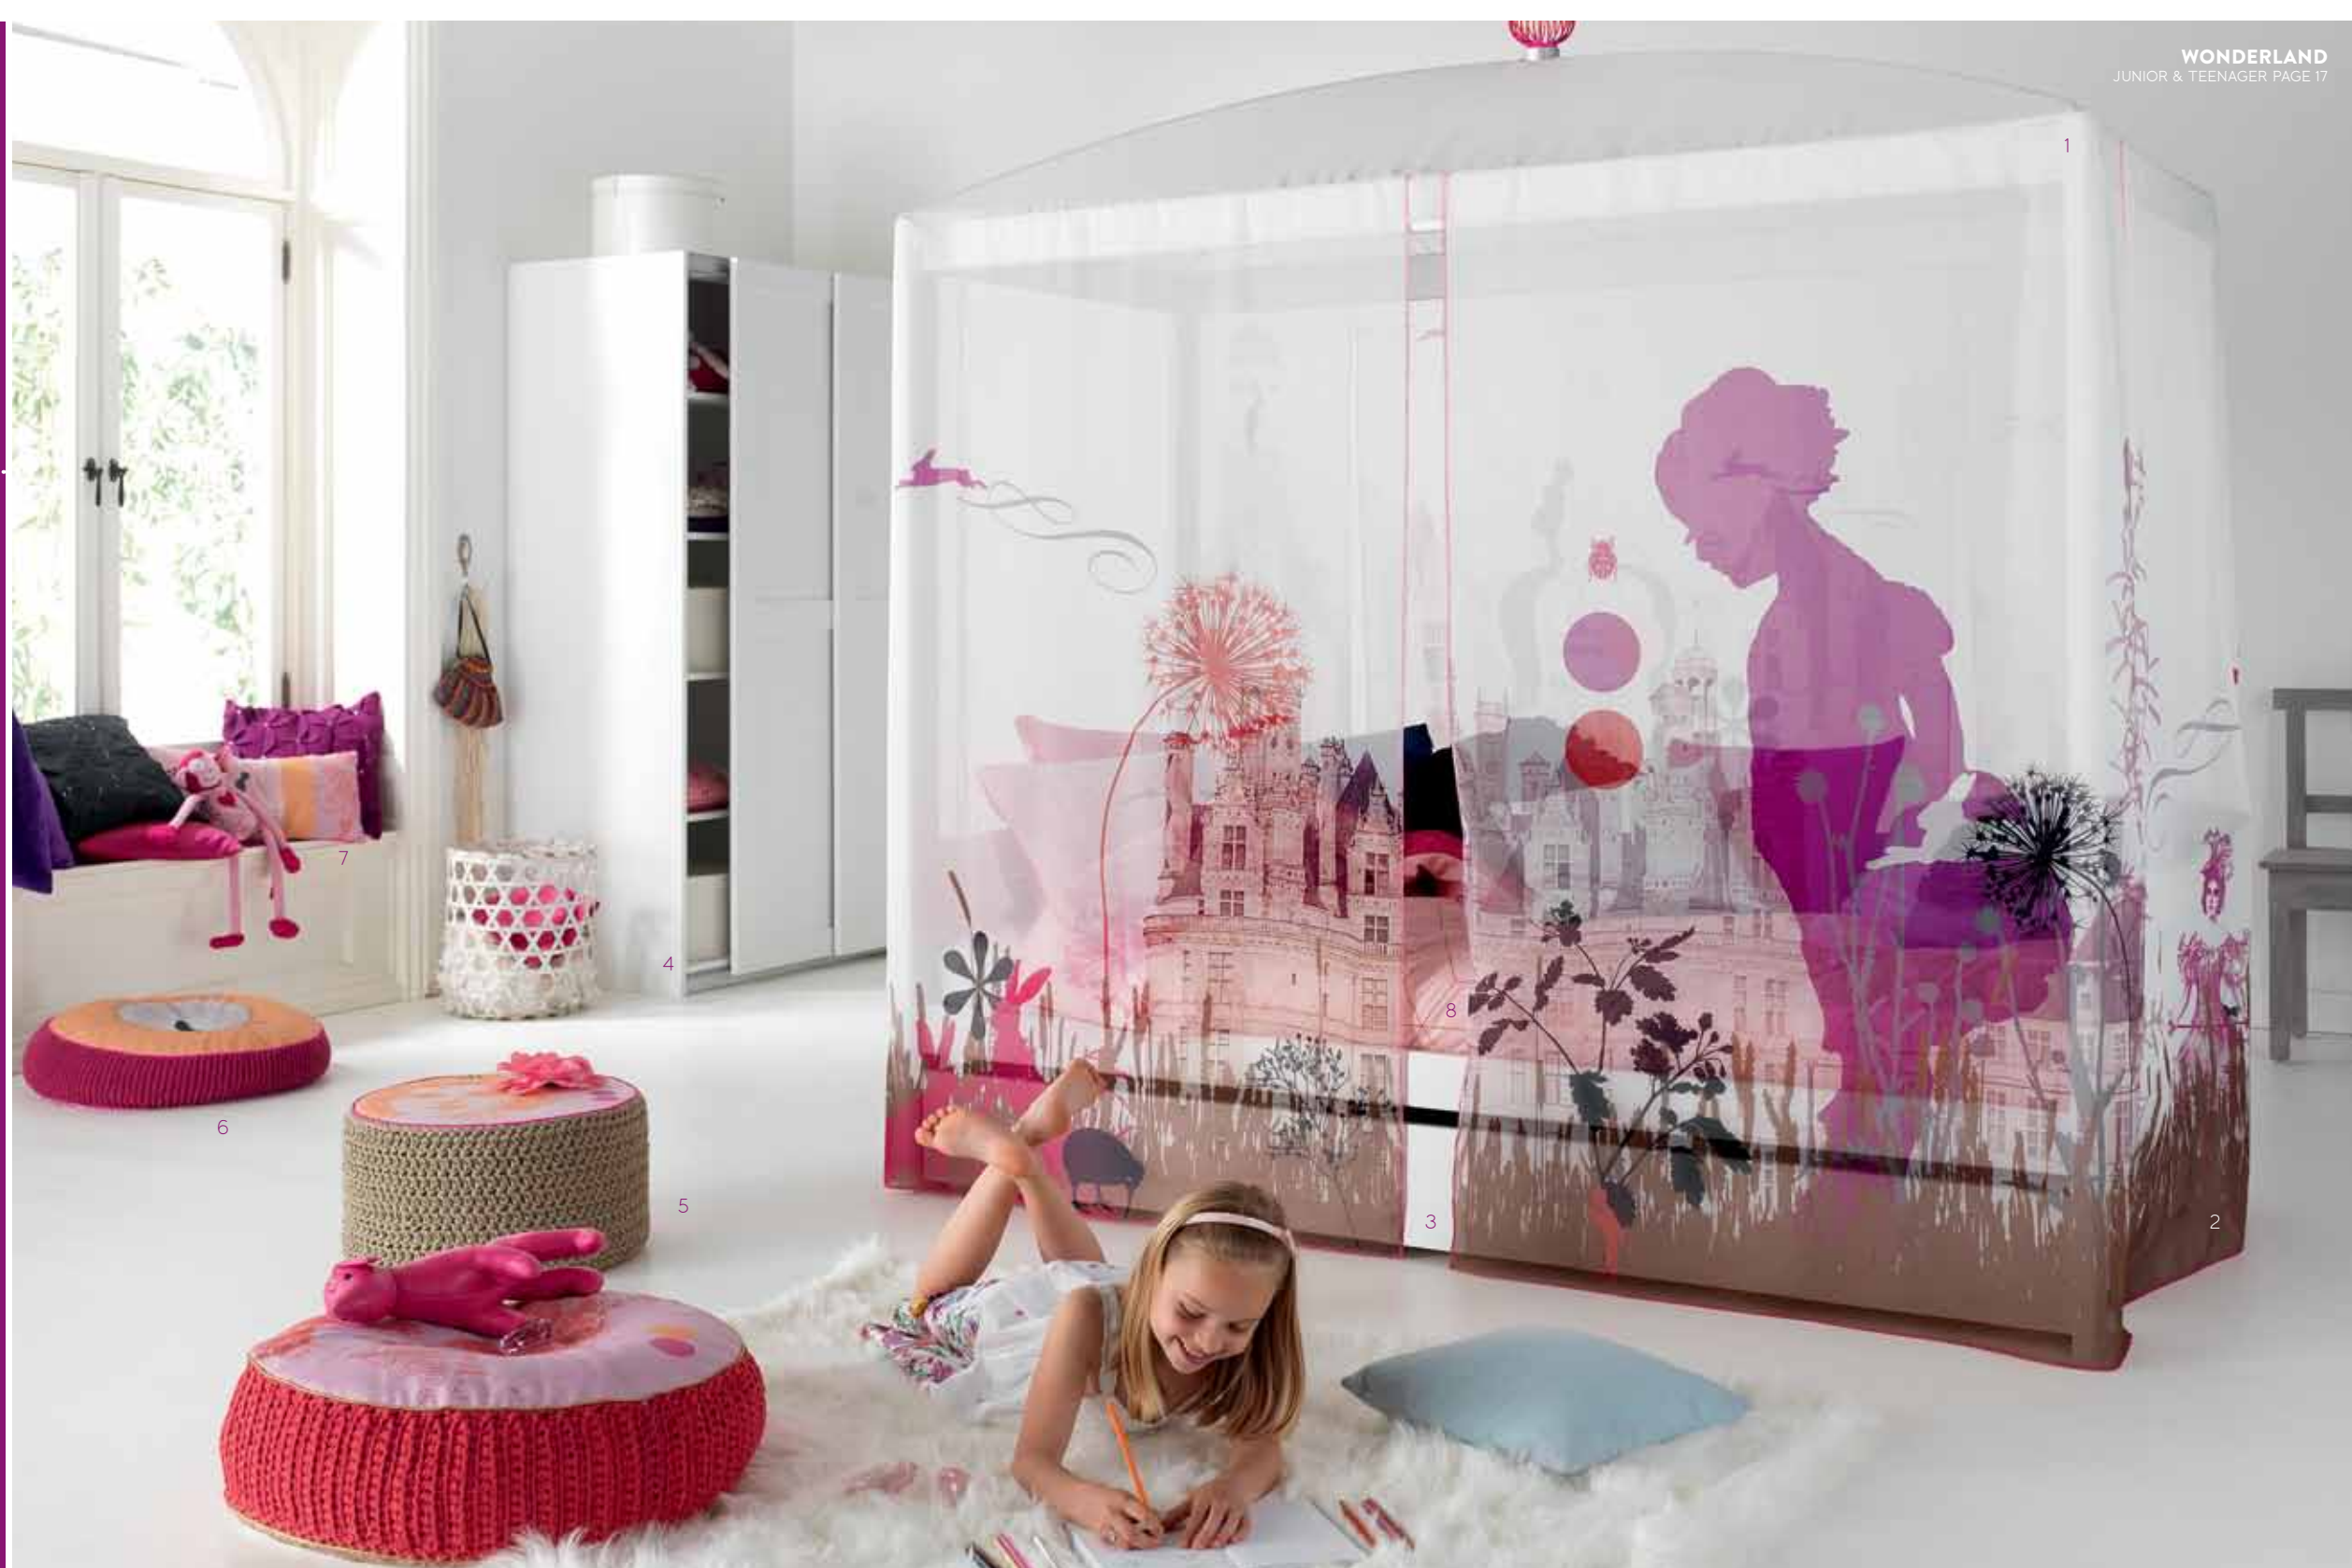

Welcome to Wonderland!

WONDERLAND

Wonderland presents the ultimate fantasy world, where there are no limits on what happens next. Canopy or cave, the choice is yours.

- 1. FOUR POSTER BED WITH DELUXE SLATS**

TEENAGER

Full speed ahead

When you are too big to play pirates and princesses, your LIFETIME furniture is ready to grow and develop with you.

The basic bed is still the centre point of the development. Add a unit with shelves and cabinets under the bed, or convert your old cave to a study area with a desk. As always with LIFETIME, the only limit is your imagination.

CABINBED

BASIC BED
200x90x50

TV UNIT

Room for more **STORAGE BED** accommodates all your needs.

Find space for all your most important possessions under your bed, so that your music or favourite books are always within easy reach.

TIP 2in1

When you need a TV unit for your games console and stereo system, you can easily separate the bed from the storage units.

FROM JUNIOR TO TEENAGER

The LIFETIME philosophy...

The LIFETIME philosophy has always placed emphasis on durability. LIFETIME products are of such high quality that they last for years and years. For this reason, a LIFETIME basic bed is the key component in all setups and themes that children choose during their formative years. You can supplement the bed with accessories that create all kinds of settings to suit the various needs children experience as they grow from junior to teenager. See the examples below and find out more at www.lifetimekidsrooms.com

BASIC BED

Follow our 6 quick steps to design your own

LIFETIME bed

- 1. Select your bed type**
Select a bed from the range shown on the left.
- 2. Select a base**
Choose between a standard slat base (16 slats) or a deluxe slat base with adjustable lower back support (28 slats).
- 3. Select a ladder**
Choose between a straight or a slanted ladder.
- 4. Select the colour for your bed**
Choose between white wash and white-painted in all bed variations.
- 5. Select a front**
Choose between standard fronts, coloured fronts or fronts with a printed design (see page 55)
- 6. Select accessories**
Here you can choose between a wide range of accessories – drawers, shelves and hooks, for example. Ask in the shop or find out more at lifetimekidsroom.com

All kinds of cool details

Use wonderful accessories to put the finishing touch to the bed and the whole room

LIFETIME has developed a range of practical and functional accessories for the beds and the room itself. This makes it easy for you to complete your very own design of your new bed or your new room. The following pages are sure to provide plenty of inspiration. You will find everything from storage solutions to delightful details and large wardrobes. Enjoy!

MATTRESSES

Sleep *✓* better than well

Your child sleeps at least 8 hours a day. So make sure not to compromise on the mattress you choose. Our range of high-quality mattresses provides optimal support for your child’s body all night long.

MATTRESS BASIC
Art. 701, H 12 x W 200 x D 90 cm

A Basic mattress with a polyether core. The mattress has cotton ticking. Due to its height, the mattress can be used for the various themed mattress covers. Total height 12cm.

MATTRESS 5-ZONE COMFORT FOAM
Art. 70901, H 15 x W 200 x D 90 cm

A basic mattress that is comfortable, composed of a good quality 5-zone polyether foam core. These zones provide good body support. The mattress has a high-quality padded anti-allergen cover, fire-retardant with a 3-sided zipper. The cover can be washed at 40°C. Total height 15cm. This mattress is suitable for all ages. The mattresscover is tested for harmful substances, according to Oekotex Standard 100. Also the cover had a“Sanitized” treatment, which means there is no place for bacteria, odor, mildew or dust mites. This way you child gets a healty sleep.

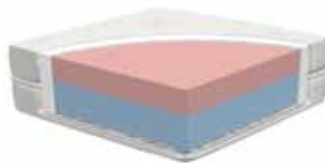

MATTRESS 7-ZONE HR FOAM
Art. 70902, H 15 x W 200 x D 90 cm

A mattress offering excellent comfort and long life. The mattress consists of a cold foam core with 7 zones providing good body support. The mattress has a high-quality padded anti-allergen, fire-retardant cover with a 3-sided zipper. The cover can be washed at 40°C. Total height 15cm. This mattress is suitable for all ages. The mattresscover is tested for harmful substances, according to Oekotex Standard 100. Also the cover had a“Sanitized” treatment, which means there is no place for bacteria, odor, mildew or dust mites. This way you child gets a healty sleep.

MATTRESS BONEL
Art. 70903, H 15 x W 200 x D 90 cm

A comfortable mattress featuring ventilation and moisture regulation. The ‘open’ spiral spring core ensure air displacement in the mattress, eliminating warmth and moisture quickly. The mattress has a high-quality padded anti-allergen, fire-retardant cover with a 3-sided zipper. The cover can be washed at 40°C. Total height 15cm. This mattress is suitable for all ages. The mattresscover is tested for harmful substances, according to Oekotex Standard 100. Also the cover had a“Sanitized” treatment, which means there is no place for bacteria, odor, mildew or dust mites. This way you child gets a healty sleep.

MATTRESS VISCO COMBI
Art. 70904, H 15 x W 200 x D 90 cm

A mattress offering excellent comfort and long life. The mattress is made of two types of foam: 7cm of cold foam and 5cm of visco- elastic foam. This mattress can be used as a summer/winter mattress. The cold foam side is comfortable and disperses body heat easily, while the visco-elastic side actually retains warmth and uses it to shape the foam to the body for ultimate support. This mattress also has a high-quality padded anti-allergen, fire-retardant cover with a 4-sided zipper. The cover can be washed at 40°C. Total height 15cm. This mattress is also suitable for all ages. The mattresscover is tested for harmful substances, according to Oekotex Standard 100. Also the cover had a“Sanitized” treatment, which means there is no place for bacteria, odor, mildew or dust mites. This way you child gets a healty sleep.

BABY
Art 7083, H 13 x W 120 x D 60 cm and art. 7084, H 13 x W 140 x D 70 cm

A soft mattress where every child will sleep like a baby. The mattress has a core of softfoam with a density of 20 kg/m3. The mattress has a high-quality anti-allergen, fire-retardant cover, with a 2-sided zipper. This way it can be washed at 40°. The mattresscover is tested for harmful substances, according to Oekotex Standard 100. Also the cover had a“Sanitized” treatment, which means there is no place for bacteria, odor, mildew or dust mites. This way you child gets a healty sleep.

Well thought-out **design** down to the smallest detail

The results of years and years of closely targeted development instantly become apparent when you look at a LIFETIME product. You immediately notice the quality, the robust joins and the excellent stability of the products. And for all the painted and varnished products, we have only used knot-free wood to avoid problems with the colouring from the knots seeping through.

We have assembled the furniture to ensure that you need to do as little assembly work as possible. This means that with a minimum of effort, you will quickly have a complete solution that you – and, more importantly, your child – can enjoy for years.

Quality pays itself.

5-year construction guarantee

At LIFETIME we value the good quality and safety. We stand behind our product and therefore we have a 5 year guarantee on the construction of our beds.

5-year conversion guarantee

As our bed system grows with the child, we secure you, by offering a 5 year convert guarantee on our bed system.

Produced in Denmark

The main part of our products are all produced on Denmark, at our factory in Højer, where we are in close connection with the technology and our educated woodworkers, supply the best quality.

System furniture

Our bed system is made to grow with the child, so you invest in our basic bed and can re-design your bed again and again so that it fits to the needs of your child's age.

Simple assembly

We always look for the better solution and you will notice how easy and quick it is to assemble our products.

Solid Pine

Most of our products are made from the best pine from northern Scandinavia. They grow slow and meet our high demands for LIFETIME quality.

MDF & Solid Pine

Some of our products is made from a combination of MDF and solid pine, where quality and functionality is highly prioritised.

Pine from **sustainable** forests

We place the highest emphasis on sustainability and eco-friendly paint and varnish in our everyday work. LIFETIME only uses wood from forestry operations that promote sufficient replanting. We only buy wood from producers that are PEFC and FSC-certified. The world cannot survive without woods and rainforests. That is why we take our responsibility seriously and work to ensure that future generations will also have the opportunity to fulfil their needs.

LIFETIME performs quality control on the wood at the sawmills. This helps us to minimize unnecessary transport and environmental impact.
